

## Level 3 Certification Exam Re-Take Policy

While we hope that all individuals who take the Level 3 exam pass on their first testing opportunity, we understand that some may need to pursue further preparation and re-take the exam.

Individuals are welcome to re-take the exam after meeting the following requirements:

- 1.) wait 3 months from the first exam date,
- 2.) present 15 new Brief Mood Surveys (BMS)/Evaluation of Therapy Session (ETS) forms (preferably 5 sessions in a row from 3 patients; if that is not possible, then an equivalency may be negotiated), and
- 3.) obtain 6 hours of individual training from a Level 4 or Level 5 TEAM Trainer.
